

Los planetas

phonics

qu

- sound in:
- pequeño
 - por qué

v

- sound in:
- Venus
 - vivo

b

- sound in:
- bastante
 - describir

z

- sound in:
- azul

vocabulary

As this is a unit that explores writing longer and more complex language, there is a wider range of vocabulary than in other units.

Not all will be learnt from memory but there will be an opportunity to learn 10 key elements from the Solar System from memory in Spanish along with a wider range of adjectives and question words.

grammar

To use a range of adjectives, conjunctions and intensifiers to describe the Solar System, and make sentences longer, more complex and interesting.

Júpiter es bastante frío, muy grande y luminoso.

Jupiter is quite cold, very big and bright.

Apply adjectival agreement rules:

pequeño/pequeña

azul

grande

Add an 'a' to make the adjective agree with feminine nouns.

If the adjective ends in a consonant or 'e' then there is no change.

Use a wider range of adjectives to describe character

paciente

**calmado/
calmada**

**curioso/
curiosa**

patient

calm

curious

What I will learn:

- Objective 1: I will improve my range of vocabulary by learning 10 key elements of the Solar System in Spanish and will be able to label them on a map.
- Objective 2: I will learn how to apply my increasing knowledge of adjectival agreement to describe the Solar System in Spanish.
- Objective 3: I will extend my sentences by using conjunctions and intensifiers to create more complex descriptions in Spanish.
- Objective 4: I will learn how to ask key questions in Spanish to be able to conduct an interview with an astronaut.
- Objective 5: I will learn how to present myself as an astronaut by answering the questions in Spanish and learn how to describe my qualities/character.
